HEAD OF DANDRUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger

tips.

Do this tonight and by morning most, if not all of your dandruff will be gone, and three or four more ap-plications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dan-

You will find, too, that all itiching and digging of the scalp will stop at once, and your hair will be fluffy lustrous, gloasy, alky, and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never falls to do the work.

Oklahoma City, Okla., March 23 .-On the occasion of his recent visit to this city Congressman W. H. Murray of Tishomingo, told the legislature about his international policies. He said universal peace is nowhere in sight. He predicted occupation of Mexico by the United States. He condemned the activity of the Carnegie and Rockefeller foundations in political affairs, and otherwise touched upon matters of much import in national and international affairs.

A part of the address is in substance as follows:
